DR. PRICE'S

CREAM'S

BAKING POWDER

MOST PERFECT MADE.

STATE ASSAY OFFICE.

I have analyzed DR. PRICE'S CREAM BAKING POWDER bought by me in open market and have found it free from Alum and Ammonia and containing no deleterious ingredients of any kind. It makes fine light bread, and I can recommend it to all wishing pure and wholesome food.

LOUIS FALKENAU, formerly State Assayer, San Francisco, Jan. 25, 1889.

Barrows, Speaker pro tem, when O'Farrell raised the point of no quorum present.

The Speaker being unable to count a quorum, a call of the House was ordered.

Daniel of Minnesota, Chairman of the House Committee on the Eleventh Census, to-day introduced an apportionment bill on the basis of one representative for each 178,321 of population. This would provide for a total representation of 355. Under this apportionment Alabama, California, Colorado, Michigan, Missouri, New Jersey, Oregon, Texas, Washington and Wisconsin would each gain one member; Arkansas, Illinois, Kansas and Pennsylvania each two, and Minnesota and Nebraska each three. Ohio would lose one.

Steamer Arrivals.
By Associated Press.

New York, Sept. 10.—The White Star line steamer Teutonic, from Liverpool, was sighted outside of the bar at 7:05, and the Inman line steamer City of New York, from Liverpool, was sighted east of the lighthouse at 8:24 A. M.

Two steamers went down the bay to meet the Teutonic, one with a party to greet Depew and the other to meet Archbishop Corrigan, who were on board. They were taken off without waiting for the Teutonic to reach her.

Among the first to welcome Depew were General Manager Toney and Vice-President Webb of the New York Central road. Depew was conducted below, where he and Webb held a consultation.

Then luncheon was served. Loomis of the New York Central, delivered an address of welcome, in which he referred to the strike.

Depew, replying, said: "About me I see the largest representation of the organization of the New York Central that during my presidency has been gathered in any one place, and I take it as testimony that the organization is a unit in its policy and its action. I am not here to discuss questions which have been so ably discussed by Loomis, but to say that my two months' vacation, entered upon at the usual date, and from which I returned at the usual date, left the management of the road in the hands of duly accredited officers, whom the directors believed fully competent to manage it in any difficulties that might arise, and they have demonstrated that the confidence has not been misplaced. Cheers." I noticed that one of the newspapers that came to me seemed to be discussing my Presidential chances.

I want to state just here that in no movement in my life and in no utterance that I make in the Presidency of the United States in my mind. When I act as President of the Central I act for the interests of that corporation, without any regard whatever to my political chances or opportunities.

Turbulent Strikers.
By Associated Press.

SOUTHAMPTON, Sept. 10.—The striking dock laborers, sailors and firemen still maintain a menacing attitude and the authorities fear further riotous trouble. A further detachment of troops has been summoned. Some strikers have gone out in boats to meet the incoming steamers, with the object of persuading the crews to join the strike, and the admiralty has been asked to assist in preventing this.

To-day a mob gathered about the Mayor's residence and made threatening demonstrations. The Mayor telegraphed for assistance, and soldiers were dispatched to disperse the crowds.

Interest on Bonds.
By Associated Press.

NEW YORK, Sept. 10.—The offer of Secretary Windom to pay one year's interest on four per cent. bonds, which went into effect to-day, brought a flood of bonds to the Sub-Treasury as soon as the doors were opened. In the first hour over \$8,000,000 was presented, and \$4,000,000 more was brought in before the close of business. The officials have been notified that a block of \$14,000,000 in bonds will be presented next Friday, and other notices swelling the totals in sight to \$50,000,000 have already been received.

A Prohibition Convention.
By Associated Press.

WORCESTER (Mass.), Sept. 10.—The State Prohibition Convention assembled this morning, and the usual committees were appointed. Dr. Blackmer was nominated for Governor by acclamation.

TELEGRAPHIC BRIEVITIES.
Bar silver, 1 17.

A Material Gain.
The re-enumeration of Portland, Or., and Multnomah county shows a gain of 14,200 over the June enumeration—about 24 per cent. The claim is made that the same proportion of gain would give the State a population of 375,000, which the June election indicated.

M. R. Elstner of Carson is in town.

WHEAT CROP OF 1890

Speaker Reed Returns to Washington.

CONGRATULATED BY INDIANS.

The Native Sons Given an Excursion.

The Indiana and Other State Conventions.

Indiana Republican Convention.
By Associated Press.

INDIANAPOLIS, Sept. 10.—The Republican State Convention met this morning. Hon. R. W. Thompson ex-Secretary of the Navy was made permanent Chairman and spoke at length in review of the history of the Democratic and Republican parties, tariff etc.

The platform was then reported. It indorses the administration of President Harrison and the conduct of Speaker Reed; condemns the Democratic doctrine of free trade; favors reciprocity; approves the Silver bill; favors the Lodge bill; opposes alien ownership of public lands, and demands laws to prevent food adulteration; denounces trusts and combinations; favors reasonable river and harbor improvements; denounces the White Cap outrages; demands a "local option" bill, and demands the election of United States Senators by a popular vote. The platform also approves the action of the Republicans in Congress, under the brilliant leadership of Thos. B. Reed.

The tariff plank reaffirms a belief in the Republican doctrine of protection to American industries, and commends the policy of reciprocity proposed in connection with the pending tariff legislation. Every reference to Reed was greeted with prolonged applause. A resolution was adopted selecting the eagle as the emblem of the Republican party to be used on the ballot provided for by the Australian ballot system.

A resolution was adopted ordering the Secretary of the Convention to send a congratulatory telegram to Thomas B. Reed, formerly of Maine, but now of the United States. J. N. Walker was nominated for State Auditor; Milton Trussler for Secretary of State, and George W. Pixley for State Treasurer.

California's Native Sons.
By Associated Press.

SAN FRANCISCO, Sept. 10.—The finishing feature of the Native Sons' celebration was a grand excursion on the bay this morning. The ferry boats Newark, Bay City and Enslin together took away about 3,500 people. Starting from the wharf the steamers went past the Union works thence to the Alameda shore, thence passing Goat Island, thence to Black Point, passing Fort Point, thence over to Lime Point, thence passing Alcatraz Island and Angel Island, thence through Raccoon Straits, thence passing Rock Point and the Brothers, through San Pablo Bay, through the Straits of Carquinez to the navy yard at Mare Island, where a landing was made for the inspection of the island, after which the return trip was made. The excursionists were composed mostly of visitors from the interior. A band on each boat discoursed sweet sounds prior to the start. The Portland Veterans' Association left this morning.

Crop Reports.
By Associated Press.

WASHINGTON, Sept. 10.—The national crop report shows the injury to the corn crop reported last month to be intensified by the continuous drought. The average is 70.1, against 73.3 last month, the lowest average since 1881. The returns of the condition of winter wheat at the time of harvesting were less favorable than those of July 1st. As far as the threshing has progressed the results are generally disappointing. The average for both spring and winter is 75.5. In 1888 the September average for both was 77. It was 73 in 1881.

Did Not Show Up.
By Associated Press.

WASHINGTON, Sept. 10.—Reed reached Washington this morning and appeared at the Capitol at about 11. He went at once to his room, where he has since remained, seeing no one. It was expected he would take his seat at the opening of the session, but he did not respond to the summons of the doorkeeper, and Speaker pro tem. Burrows was called.

MISCELLANEOUS.

BETTER THAN GOLD.

RESTORED HER HEALTH.
For 25 years I suffered from boils, erysipelas and other blood affections, taking during that time great quantities of different medicines without giving me any perceptible relief. Friends induced me to try S. S. S. It improved me from the start, and after taking several bottles, restored my health as far as I could hope for at my age, which is now seventy-five years.
Mrs. S. M. Lucas, Bowling Green, Ky.
Treatise on Blood and Skin Diseases mailed free. SWIFT SPECIFIC CO., Atlanta, Ga.

If you have a COLD OR COUGH,

acute or leading to CONSUMPTION,

SCOTT'S EMULSION

OF PURE COD LIVER OIL AND HYPOPHOSPHITES OF LIME AND SODA

IS EVERYWHERE KNOWN.

This preparation contains the stimulating properties of the Hypophosphites and fine Norwegian Cod Liver Oil. Used by physicians and the world over. It is as palatable as milk. Three times as efficacious as plain Cod Liver Oil. A perfect Emulsion, better than all others made. For all forms of Wasting Diseases, Bronchitis, Consumption, Scrofula, and as a Flesh Producer there is nothing like SCOTT'S EMULSION. It is sold by all Druggists. Let no one be professedly ignorant of its important remedy induce you to accept a substitute.

Proposals Wanted.

PROPOSALS WILL BE RECEIVED UNTIL September 11, 1890, for the following privileges at the State Fair, to be held September 22 to 27th, inclusive:

Cigar and bar privilege at grounds. Bar privilege at grounds. Ice cream and candy at pavilion. Soda water and milk stand at pavilion. Fruit, candies and nuts at grounds. Ice cream at grounds. Pool privilege at grounds. Paris mutuels at grounds. Bookmaking at grounds. Wheel of fortune at grounds. Hay and grain at grounds.

Bids will also be received for furnishing music (brass band); not less than eight pieces required. All bids will be sealed, with bid, etc., written on envelope.

The Directors reserve the right to reject any and all bids.

By order of the Board of Directors, C. H. S. OGDARD, Secy.

Assessment Notice.

OFFICE OF RENO ELECTRIC LIGHT and Power Company, a corporation.—Principal place of business, Reno.—Location of works, Reno, Nevada.—Notice is hereby given that at a meeting of the Trustees of the Reno Electric Light and Power Co., held on the 18th day of August, 1890, at office of the company, an assessment (\$50.00) of thirty Cents per share, was levied upon each and every share of the capital stock of said company, payable immediately in United States gold coin; and any stock upon which said assessment shall remain unpaid on

Saturday, September 13th 1890, Shall be declared delinquent, and advertised for sale at public auction on the 15th day of October, 1890, at the office of the Company, Reno, Nevada, to pay such delinquent assessment, cost of advertising and expenses of sale. By order of the Board.

Call and see these PREMIUM GOODS—they are on exhibition in our mammoth store.

Parties indebted to us must pay up at once and save costs,

F. LEVY & BRO,

The Board of Trade.

There is considerable distress manifested in some quarters less the Board of Trade should really help the material interests of the State of Nevada. With people starving in other countries we have lands and water to waste, and the facts need only to be placed before large numbers of dissatisfied families in order to bring in additional settlers to our valleys. An earnest and honest effort is being made to do this and it seems as if our citizens could afford to let the experiment proceed without going into hysterics over it. It is not costing them much. Fourth of July celebrations, State and county fairs, theaters, prize fights and lottery tickets have cost thousands of dollars where the Board of Trade has cost one, and it has already done something to justify its existence. There is no politics in it whatever, although it has been misrepresented in the matter.

It has the same right to recommend economy in the affairs of State that other organizations have to offer recommendations on the tariff, the silver question or temperance, and it is quite as likely to be correct.

The Board proposes to use its funds to have maps printed showing tracts of land for sale to be cut up into pieces suitable for small farmers, and by working in connection with large agencies in the East and Europe to people them. Careful cultivation will transform many of the large grass ranches of Humboldt, Elko, Esmeralda and other counties into real farms with diversified crops of fruit, vegetables, grain, hay, poultry and stock, which will add to the wealth and importance of the State more than all the politics we ever had.

There is one mistaken impression which it might be well to correct, and that is that Washoe county will be more largely benefited than its neighbors by the efforts of the Board. The fact is that all the lands around Reno are too high in price to be handled. There is no object for a man to leave forty dollar land in Iowa or Massachusetts for hundred dollar land here, but there are whole townships of land for sale at from five to fifteen dollars in eastern and southern Nevada and in eastern California that can be settled up greatly to the advantage of all concerned.

It will take some time to make a showing, but it is worth the effort, and if the first organized plan to benefit Nevada proves a failure it will be the fault of our own people and the State will be a long while in recovering from it. A united effort along the whole line by all the interests concerned would start it forward on a grand march of improvement, but it seems hard to unite on even so wise a movement as State development.

The delegates from the various parts of the State to the Democratic Convention which meets tomorrow are gathering in. From indications at this writing there is a disposition to put up a strong ticket and to make a brave, valiant fight. If the selections for the office are judicious the contest between the two parties this fall will be carried on in a manly way, without much of the personal bitterness that is so often injected into political fights.

The Republican ticket is in the field, and it is one of merit. Its strength is in the personal standing of the several candidates and the party record, and will cautiously meet its foe carrying a banner proclaiming victory.

The Salt Lake Tribune of the 8th inst. says: That is a conclusive argument used by Patsey Clark in giving his reasons why he cannot be a Democrat in Idaho. His mine is paying \$300 a day more than it would had there not been a Republican victory in 1888, and "had the Democrats succeeded in Congress two-thirds of the mine would have been shut down." The only real point in the foregoing is that it is absolutely true.

From a recent Washington dispatch it is learned that the President and several members of his Cabinet purpose visiting the Pacific Coast during the summer of 1891.

We believe that every State that has held a convention, west of the Allegheny mountains, since the passage of the silver bill, has either directly endorsed the silver legislation of the present session of Congress or gone further and asked for the unlimited coinage of silver. A gentleman recently from New York was talking to the Salt Lake Tribune Editor recently and mentioned that a few days since he was talking to the elder Seligman in New York and the great banker frankly said: "You men in the West have been right. We have been expanding our business during the last few years, and all the time contracting our currency. The silver bill is right." It shows a marvelous change in public sentiment, and that is evidenced also by the changed tone of the newspapers that two months ago were most bitter in their denunciations of the silver bill and of the men who advocated it. We look upon the silver question as almost settled, and all that will be necessary now is a little supplementary legislation which will place the white metal on exactly the same ground that the yellow metal stands upon.

THE Senate yesterday confirmed the appointment of Thomas P. Hawley for United States District Judge of Nevada.

A GYPSY ON DREAMS.

Read This, Then Go Home and Eat Too Much Cheese or Pound Cake.

According to the Gypsy, to dream that you bathe in clear water is a sign that you will enjoy good health; if muddy, the death of relatives or friends. To see a bath, anger, to take a warm bath denotes happiness; if you take one either too hot or too cold, domestic troubles. If you undress without going into the water you may expect trouble, but it will soon pass away; a sea bath is a sign of honor and increase of fortune.

If any one dreams that he or she is ascending to heaven, or is already enjoying its delights, it shows that some joyful event is to happen, such as the birth of an heir to childless people, good fortune to those who are poor, distinction to the wealthy and high honors to the ambitious. If lovers have such a dream it foretells an early marriage under the most auspicious circumstances, and that their wedding will be attended with troops of congratulating friends, who will shower presents upon them. On the other hand, to dream of seeing hell denotes that the dreamer's life is a bad one, and is an intimation to him of reformation.

To see a coffin in your dreams signifies that you will soon be married and own a house of your own. This is a dream girls are always wishing for, says the Gypsy book.

If any one should be so unfortunate as to dream that he or she was present at a happy and jolly wedding it denotes that they will attend a funeral; it will not necessarily be at the burial of either of the persons you dreamed you saw married, but you will undoubtedly be called to mourn some friend or relative. To go to weddings when one is wide awake is exceedingly pleasant, but we should be careful how we dream about them. To dream of being married yourself foretells your death.

For a girl to dream of raking new-mown hay is a sign she will be married before the hay is eaten. Young fellows who dream of raking hay with their sweethearts had better get ready their necks for the matrimonial noose, as they are past praying for. If a man dreams he is confined in a prison or jail it shows that he will have honors or dignities conferred upon him, as such dreams go contrarywise; if his arrest and imprisonment worries him it only shows that he will be the more delighted with his new dignities. This is an excellent dream for politicians and office-holders, as the jail is what they would naturally dream of.

For a girl to dream that she was so sleepy in church as to nod toward the minister, is a sign she will have a young parson for her husband; if a young man dreams this, he will be apt to make up to the minister's daughter, provided his position warrants it, and if not, that he will marry a girl noted for her piety. To dream of a widow signifies a reward; to dream you are a widow portends death or disappointment. To dream of a widower denotes strife and quarrels.

A fox is a sign of thieves; to dream of fighting with them shows that you will have to deal with some cunning enemy; to keep a tame fox signifies that you will love a tame woman, or have a bad servant who will rob you. A number of foxes, false friends. If you dream that your mouth is stopped by a gag, it denotes that you will soon thereafter be kissed by a pretty girl. To a young girl such a dream predicts that she will see some gentleman who takes her fancy, and perhaps will fall in love with him.

If you dream you are pleased with a pretty chambermaid, milkmaid or any clean or nice-looking young girl whose occupation carries with it the title of maid, it is a good omen, for it predicts an excellent match and plenty of children. It also foretells, in many cases, that the dreamer will marry a rich wife. For a married woman to dream this is a sign she will have trouble with servants.

He Did Not See Her.
Amy—Mr. Dole called yesterday morning before I was quite dressed, and I talked to him five minutes without waiting to finish.

Mabel (horrified)—What?
Amy—Oh, don't be alarmed! He called over the telephone—Munsey's Weekly.

Over the Gate.
Sweet Maid—You are not afraid of anything, are you, George?
Callow Youth—Of nothing, Miranda, absolutely nothing.
Sweet Maid—I am so glad for I hear

MISCELLANEOUS.

Weak Women

Owe to themselves a duty to take Hood's Sarsaparilla. In view of the great relief it has given those who suffer from ailments peculiar to the sex. By purifying the blood, regulating important organs, strengthening the nerves, and toning the whole system, it restores the debilitated to health.

After 15 Years.

"For 15 years my mother has been troubled with milk leg. She went to different parts of California, as persons said the climate might help her, but it was of no avail, and I, being a druggist, thought I would get her to try Hood's Sarsaparilla. Before she had taken half a bottle she said she was improving, so she continued until she took half a dozen bottles, and now she is perfectly well. For nearly fifteen years she was unable to walk around, but now she can walk as well as ever." T. F. BLAKE, San Francisco, with C. F. Richards & Co., Wholesale Druggists.

Like a New Creature.

"I have been for years trying to get help for that terrible general debility and weakness so common to women. Within a year I have taken ten or twelve bottles of Hood's Sarsaparilla, and I am now feeling like a new creature." Mrs. F. B. ROSS, Marlin, Texas.

Hood's Sarsaparilla

NOTINGS.

For as fine groceries as can be had in this or any other market, patronize E. C. Leadbetter.

The Riverside Hotel continues to receive the patronage of those who enjoy and appreciate first-class accommodations.

There is no day in the year that a newly cooked and neatly served luncheon cannot be had at J. J. Becker's Chicago saloon.

C. A. Thurston carries the best tobaccos, both chewing and smoking; also the best brands of both imported and domestic cigars.

C. Lennery's Hotel and Restaurant is where any hour of the 24, a first-class meal can always be had; also a nice airy room and a soft bed.

Miss Emma Gibbs' Virginia street store is the place to find the latest styles of fall and winter hats and bonnets at Mrs. Francisco's real prices.

Manitou Mineral Water, from Manitou Soda Springs, Colorado, the queen of table water, by the dozen or case, a H. J. Thoms. Trade and families supplied.

C. J. Brooks' variety store is the place to buy your violin, guitar and banjo strings; also all kinds of musical instruments, from a harmonica to a chattering piano.

J. W. Killeen of the Phoenix Hotel is in duty room in the lower end of the waiting rooms during Fair week, and he will have a few more rooms which have not been engaged.

The success of Mrs. Annie M. Beam, of McKeesport, Pennsylvania, in the treatment of diarrhoea in her children will undoubtedly be of interest to many mothers. She says: "I spent several weeks in James own, Pa. after the great flood, on account of my husband being employed there. We had several children with us, two of whom took the diarrhoea very badly. I got some of Chamberlain's Colic, Cholera and Diarrhoea Remedy from Rev. Mr. Chapman. It cured both of them, and was tried in several other cases where it was equally successful. I think it cannot be excelled anywhere. I recommend it." 25 and 50 cent bottles for sale by Shoenmaker & Co.

Summer Complaint.—A druggist at Brit, Hancock County, Iowa, relates his experience with this disease as follows: During the summer of 1882, my little girl, two years of age, was taken seriously ill with summer complaint so common to children of that age, and after being treated by a physician and getting no better, I took from my shelves a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. She felt relieved after the first dose, and in three days was entirely well.—ALEX. MORRIS. For sale by Shoemaker & Co.

The First Step.—Perhaps you are run down, can't eat, can't sleep, can't think, can't do anything to your satisfaction, and you wonder what ails you. You should heed the warning, you are taking the first step to Nervous Prostration. Get a nerve tonic, and in Electric Bitter you will find the exact remedy for restoring your nervous system to its normal, healthy condition. Surprising results follow the use of this great nerve tonic and alterative. Your appetite returns, good digestion is restored and the liver and kidneys resume healthy action. Try a bottle. Price 50c, at Wm. Finner's Drug Store.

"Struck the Golden Mean" as a Blood Purifier.—The Detroit Free Press says: "Hibbard's Rheumatic Syrup, prepared by the Charles Wright Medicine Company, of this city, has struck the golden mean in the treatment of all blood diseases, and its success is an evidence that an honest, pure and valuable medicine is not unobtainable of this age. It is a perfect and powerful blood purifier for young and old. For sale by all druggists."

The New Discovery.—You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. You have ever tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery never after holds a place in the house. If you have never used it and should be afflicted with a cough, cold, or any throat, lung or chest trouble, secure a bottle at once and give it a fair trial. It is a guaranteed every time, or money refunded. Trial bottle free at Wm. Finner's drug store.

Spring Fever.—At this season of the year the most vigorous and healthy people often have a feeling of weariness tired and worn out, without ambition to do anything, and many break out in pimples and sores. What you require is a mild tonic medicine that will act gently on the liver and blood, and for this, nothing equals Dr. King's New Discovery. Pills. They give an activity to the liver, purify the blood and by their mild tonic action, give vitality and strength to the entire system. Sold at 25 cents a box by S. J. Hodgkinson.

J. E. Moore of Stockton, Cal., says: "I use Abeline for man and beast, for inflamed eyes and swellings it is no equal. An ointment with it is the best I have seen. It is a Little Live and better Pills. They are pleasant to take and will cure you. It costs a trial."

ASSESSMENT ROLL.

Taxpayers in Churchill County for the Year 1890.

The following Churchill property holders will pay taxes on the following amounts this year:

Allen, C. & L.	\$1,600
Allen, Lemuel	6,550
Allen, J. W.	2,000
Allen, H. J.	307
Austin Bros.	1,750
Bailey, W. S.	22,805
Bailey, Chas. H.	1,020
Brown, Mrs. B. A.	1,100
Boyer & Kaiser	250
Boyer, A.	80
Bridges, L. S.	445
Brown, John P.	2,815
Brandon, W. J.	1,585
Howman, S. W.	5.0

STATE OF NEVADA.

COUNTY OF CHURCHILL.

I, H. J. Allen, County Assessor of

Churchill County, Nevada, do hereby

certify that the foregoing is a full, true

and correct list of all the taxable

property within the said county of

Churchill for the year 1890.

H. J. ALLEN,

County Assessor.

PERSONAL.

N. H. A. Mason and Hon. C. H. E. Hardin are in town.

Indian Agent Sears of the Pyramid Reservation was in town this morning.

P. L. Flanagan and wife returned from San Francisco on this morning's express.

William Levy of the Palace Dry Goods and Carpet House went below Tuesday evening.

Mrs. Benjamin Titus and son went below Monday evening to take in the admission day parade.

Judge T. H. Wells arrived from Carson last evening and left to-day for Pioche, where he will open Court next Monday.

Mrs. C. H. E. Hardin is reported to be dying of quick consumption. Her relatives do not expect her live but a few months.

E. Robins, who during the past summer has been driving stage between Carson and Glenbrook, has returned to Reno.

Ex-Congressman Cassidy returned his morning from San Francisco and stopped off here to attend the Democratic State Convention.

Stanford University.—Over two hundred and fifty men are usually employed at present about the Stanford Jr. University buildings at Palo Alto, says the San Mateo Times.

Every effort is now being made to get the fine four-story dormitory under roof before the rains begin. The foundations of the second dormitory building have been laid, but work in the upper walls will have to wait at present. The six school buildings grouped around the main quadrangle are all done, except interior finishings.

Townsend Disgraced.—The Houser Mining Index says: What a huckle-berry-hearted, low-graded miser a mine-owner must be who will frequently write to the editor, admitting even a return stamp, for information concerning his property, and the conduct of his agent, and decline to subscribe for the local paper on the plea that he "cannot afford it." Such a man would steal the last breath from a roasting martyr at the stake.

Delogues Arriving.—This morning's west-bound overland brought Senator Hardesty and wife of Wells, John R. Bradley and J. W. Dorsey of Elko, A. B. Waller of Tuscarora, C. W. Hinchcliffe and J. W. Lander of Lander, all except Mr. Hardesty, being delegates to the Democratic State Convention.

When you are constipated, with loss of appetite, headache, take one of J. H. McLean's Little Live and better Pills. They are pleasant to take and will cure you. It costs a trial.

BREVITIES.

Local and General Intelligence.

Furniture for sale—see fifty-cent column.

Figures for sale and store for rent—see fifty-cent column.

Paymaster Mills, of the V. & T., was in town yesterday paying off for August.

C. S. Martin has some very desirable property for sale, which is advertised in this evening's GAZETTE.

A highlander, Look Sing Sing, shot and is believed mortally wounded last Monday night.

An 8-foot seam of coal discovered at Union Pass, B. C. has been prospected and a coal field equal to the famous Wellington has been unearthed.

Ed A. Puchel, at one time a compositor on the GAZETTE, writes Professor King from Bakersfield, Cal., congratulating him on his nomination for Superintendent for Public Instruction.

Last week the overland shipment of green fruit from San Jose, Cal., amounted to 1,250,000 pounds, and the total shipment of fruit, wine, brandy and leather amounted to about 4,000,000 pounds.

Last Monday at Montague, Siskiyou county, a large warehouse of the Lehn Brothers Company, containing 30,000 bushels of wheat, wagons and merchandise, fell with a crash from the enormous weight.

LINDSAY HEARD FROM.

His Experience With a Kicking Horse.

Col. R. H. Lindsay writes a friend as follows regarding his trip north:

SUSANVILLE, Sept. 5, 1890.

We got here yesterday evening in good condition. Our trip so far has not been devoid of incident. The first afternoon we drove to Lemmons, where we stopped one night. We had to repack the wagon, as there was too much of the load behind. Next day we drove to McNamee's, and while un hitching the team, my prize animal, for which I paid my friends Graves & Stephens \$150, came out in her true colors. She got over the neck yoke and kicked thunder out of things in general. That evening Phil Santy and I repaired matters as well as we could and next morning by a display of skill such as could be equalled only by a "kicker," we got the recalcitrant animal back to the stable. Here we were told that 33 miles to Millard without stopping, as she plainly told in that if we did let up she would kick us to Tophet. At Millard, by the assistance of some of the native buckaroos, we got her out of the harness and back again next morning, when we drove to Janesville by noon yesterday. Here we were told of our gyping qualities as we traded off the handsome but wicked "Lotty" for a staid, respectable, five-year-old, 1150 pound, gelding warranted to pull our whole load when all the balance quit. The ladies are delighted with the exchange and think we got much the best of the trade. No sooner was the trade made than the gentleman with whom I "swopped horses" put on a bridle harness on my bald Lotty and she made "book straps" out of it in less than ten minutes, to the great delight of the assembled villagers. This performance brought forth the ejaculation from her owner: "By gum, she's a daisy."

We think we have a first-class team now—"Fred" and "Willy" in the lead and "Charley" (the new get) and "Shakespear" in the wheel.

We stayed over here to-day to rest and take advice as to the best route to follow.

To-morrow morning we will "pull out" over the Antelope grade to Eagle Lake, Hayden Hill, Beiber, Fall City, thence to Sisson, Yreka, Klamath River and Ashland.

Lucy has a slight cold, and with this exception we are all in good health, and our overland trip bids fair to be a success.

Ever since I passed Stephen Connor's place I have been troubled somewhat with "nostalgia," but the best authority on the subject here informs me that as soon as I get to Fall River and the headwaters of McLeod River the hating and fishing will cure my disorder. I don't know about that—my thoughts will for a long time to come be with the many kind friends I have left in dear old "sage-land."

With kind regards to everybody. Yours, as ever, R. H. LINDSAY.

Valuable Discovery.

A large vein of pure white sand, suitable for making glass, has been found near Pittsburg, Penn. The discovery will save the glass manufacturers of that city thousands of dollars annually, as they have been hitherto obliged to send across the Allegheny mountains for their sand.

Dying of Civilization.

A Chicago paper says: The full blooded Dakota Indians are puny and weak, showing every sign of early decay. Those in the position to know say that there are few of the gro. an- who have not contracted the disease incident to view, all of which tend to place Lo in a very pitiful plight.

A Lively Contest.

The Carson Tribune predicts a lively contest for the Democratic nomination for Clerk of the Supreme Court between W. J. Thompson, G. W. Hyde, James Moore and Pete Dunn of Storey and Harry Day of Ormsby county.

Protection from a pre-natal disease, not a medical agent which merely checks the parasites, is the grand desideratum wherever the endemic disease of malaria prevails. Quinine does not afford this protection.

The chief reason why Dr. Carter's Stomach Bitters has won such immense popularity is, that it purges the system to root out malaria pest. This is done by brain and tonic, and the system is regulated and promoting an equal flow and distribution of the animal fluids, and establishing digestion on a solid basis. But only in fever and ague prevented, but the worst types of the disease are cured by it. It is the only tonic medicine to be drawn from the overweighing evidence in its favor. It is equally efficacious in dyspepsia, constipation, liver complaint, general debility and rheumatic complaint, and is a reliable (Lafayette) and nerve.

The citizens of Reno will be treated to a scenic sketch of the Joannston desert (see page 2) with many more grand scenes in history—life of Christ, of noted places and persons—in average view, in the M. L. C. Church to close with evening at 8 o'clock. Admission, 25 cents; children, 15 cents.

REGARDING POCKETS.

Difficult Things for Tailors and Dress-Makers to Handle Well.

The present pocket, both for ladies and gentlemen, is an extremely difficult feature to make thoroughly well, both in dress-making and in tailoring, says the London Telegraph. There is a story of an English couturiere who thought that she had all but perfected her work in the art of dress-making, but who took a trip to Paris in order to go through a final course of instruction in the atelier of a celebrated robe artiste.

She paid a handsome fee for a year's instruction, and after signing articles she was put to what seemed to her the frivolous task of inserting a pocket in a dress. When she had finished her task "madame" shook her head with kindly gravity and told her artful pupil that the mystery of pocket-making had yet to be learned. It is a fact that the devoted student was kept for six whole months toiling at pockets; at the expiration of that period she was permitted to try her hand at sleeves, and she returned to England a sadder but wiser seamstress, destined, however, it is to be hoped, to blossom into a court dress-maker of the grandest type.

As with ladies' pockets so it is in degree with those of gentlemen. Many kind desires its trousers pockets, its coat and overcoat and vest pockets to be conveniently placed, easy of access and not given to getting unsewn. To perfect they should be entirely unobtrusive. The Emperor Alexander I. of Russia, when he was in Paris, was desirous of having his nether garments made by a famous "couturier," who had supplied Napoleon with his buckskins. "But the pockets?" said the Emperor, when the tailor had finished measuring him. "I am sure," replied the "couturier," "that I should not know where to put pockets unless I cut them in your Majesty's flesh." The Emperor was more amused than angered by the explanation. "But the other one, Napoleon," he pursued, "what did he do for breeches pockets?" "His aides-de-camp were his pockets," replied with quiet dignity the small-clothes artist.

Later breeches-makers may have thought out some means of maintaining symmetry while providing pockets in buckskins or cords, but, speaking broadly, the resources of the tailor are taxed to the very utmost in designing pockets which shall hold what a gentleman requires without pushing themselves into objectionable prominence. There are a great many things that are bound to find room for in our pockets. Happily, we are absolved from the necessity of carrying revolvers beneath our garments, but it frequently happens that a small silver flask, holding some form of alcohol, occupies a modest place in a traveler's pocket, and of course he must have due receptacles for his cigar-case, his keys, his handkerchief, and, if he be well stricken in the vale of years, his spectacles. It is only the entirely competent and long-experienced coat artist who knows how these pockets shall be placed and what shall be their exact breadth and depth. Thus to the practiced sartorial eye a breast-pocket may really appear "ridiculous." It may be the eighth of an inch too high, too low, too narrow or too broad. It may be "too straight in the fore part," or just a hair's breadth too much askew for symmetry or for comfort; but it is a pity that the estimable artists in coats can not settle their estimable little differences without bringing the refinements of their craft into the law courts.

CARE OF FOOT-WEAR.

Treat Your Shoes as Tenderly as Dresses and Finery.

An principle that "All's well that ends well" the appearance of a woman's foot is of supreme importance, says Helen Jay. Treat your shoes tenderly. Have one pair saved to rainy weather, for rubbers ruin fine leather.

Avoid harsh and blacking of all kinds and substitute vasoline. First rub your shoes with a piece of old, black silk; then apply the vasoline with a soft, black kid glove.

If you insist on your dressmaker facing your gowns with velvet or velveteen instead of braid you will lessen your shoe-maker's bills and be saved from the purple bluish on the instep caused by the movements of the skirts in walking.

When buttons come off don't hunt up old shoes and use the shabby buttons, but invest five cents in a card of shining black buttons and have them ready for emergencies. One old button spoils the style of a shoe.

Gaiters are charitable things and cover a multitude of defects. Half-worn boots will last a long time under their kindly protection.

To save your evening shoes and slippers invest in a pair of white floecelined Arctic boots, which will cost \$3, but save ten times that amount in carriage hire and medicine, not to mention the shoes themselves.

After removing your shoes put them in corner of your closet, open the flaps over and lapping the flap over and fastening one or two buttons. Then pinch the instep down to the toes, bringing the fullness up instead of allowing it to sag down into the slovenly breadth of half-worn foot-gear.

A boot that is kicked off and left to lie where it falls or is thrown into the closet will soon lose shape and gloss.

Feathered Military Messengers.

The popular name of "swifts" is likely to be more than ever appropriate if the following announcement is verified: "The training of swallows for military purposes is being proceeded with activity at Roubaix, under the observation of Captain Degrou, who has been detached for this duty by the Minister of War. The birds will be swifter than the carrier-pigeon; at the same time it will be more difficult for the enemy's bullets to hit them. All the swallows which are at present in training are young, and so far have given fair proofs of their capability for carrier service. One, after having been taken to Paris, was set at liberty, and reached its nest at Roubaix in 1 hour and 30 minutes, the distance being about 250 kilometres or 155 miles."

Dress substantially. Better to be hot for two or three hours at noon than to be cool for the remainder of the twenty-four. Arrange, under all circumstances, to be at the place of starting fifteen or twenty minutes before the time, thus allowing for unavoidable or unanticipated detention on the way.

Between Two Fires.

Germany is in a very difficult position. Like a prisoner of the Middle Ages sentenced to be crushed to death between two converging walls, so is Germany between France and Russia, who at the first spark of hostility—whether from England or the Balkan Peninsula—will surely close in upon her simultaneously from the east and from the west.

A DOCTOR'S REBUKE.

Immensely More Mischief than is Generally Suspected.

Dr.
